《媽媽的神奇小子》

在眾多場比賽裏，哪一場比賽令您留下深刻的印象？

「如果要說哪一場比賽令我印象最深刻，那就一定離不開北京奧運會。」蘇樺偉先生在訪問中提及他在北京奧運會中取得了人生的第一面金牌，能夠在中國獲得獎牌讓他印象尤其深刻。而這場比賽可以說是他在運動員生涯中壓力最大的一場比賽，因為這場賽事總長200米，對他來說，要完成這段距離一點也不容易，而且賽前訓練十分艱辛，但最終他不負眾望，取得驕人的成績。

面對高強度的訓練，您覺得辛苦嗎？試過萌生放棄的念頭嗎？後來為甚麼又繼續練習？

蘇樺偉先生的教練曾說過：「對一位運動員來說，每天都要做重複的訓練，很自然會產生放棄的念頭，要運動員一直抱着堅持不懈、永不放棄的想法的確是很困難的。」可是，蘇樺偉先生在整個訓練的過程中卻沒有放棄和退縮過，反而更努力追尋自己的夢想，因為跑步正是他的興趣。蘇樺偉先生那份不屈不撓的精神，很值得我們學習，正因為他懷着這個信念，最終能成為一位出色的運動員。

在練習的過程中，您遇上最大的挫折是甚麼？當時您有甚麼感受？

蘇樺偉先生的媽媽曾對他說：「雖然訓練的過程很辛苦，但並沒有你想像的那麼困難。」正因為這句話，當時蘇樺偉先生就抱着試一試、闖一闖的心態。漸漸地，跑步成為了他的興趣，他一直堅持，努力不懈，結果在運動場上開展了人生光輝的一頁。

當《媽媽的神奇小子》上映後，蘇樺偉先生因而獲得了大眾的認同和支持，你們有甚麼感受？

《媽媽的神奇小子》這部電影在香港上映後，獲得不少香港人的認同和讚賞，更獲提名代表香港角逐奧斯卡最佳國際影片。這部電影不但在香港得到可觀的票房，更是揚威海外。然而，作為一位導演，他希望透過蘇樺偉先生和蘇媽媽精彩的經歷，向大眾發放正能量，鼓勵人心。最令導演和一眾演員鼓舞的就是這部電影能揚威海外，這正代表他們想表達的訊息得到了更多人的認同和支持，這就是他們感到最欣慰和開心的地方。

1 梅老先生為何會有兩個名字的呢?

梅老先生有兩個名字，一個叫梅烈鋒，另一個叫梅劍科，這是因為中國人傳統習慣都會為孩子取兩個名字的。孩子剛出生時，父母就會為他取一個乳名；到孩子上學的時候，就會取一個書名。

小知識

梅老先生提及到：「姓名的『名』字是由夕陽的『夕』以及『口』字組成的。顧名思義，『夕』就是代表晚上，而由於在晚上甚麼也看不清的時候，我們便需要靠『口』來表達訊息。」有趣吧！

2 您是在甚麼情況下開始接觸書法的?

梅老先生6歲開始讀書，上學時開始學習寫字，他一開始是由基本的筆劃（上大人，孔乙己，化三千，七十士……）開始練習，經過多年反復練習，他才能寫出一手秀麗的書法字。他教授書法至今已有了二十一年了，城中有不少名人的孩子都是他的學生呢！

3 為甚麼您會想做書法家?

梅老先生小時候，老師每天都會要求他們寫字，漸漸地他對寫字產生了濃厚的興趣。他年輕時原來是一位工程師，他開始學習書法的時候也沒有想過會成為一位書法家，後來他漸漸對書法產生興趣，退休後開始研究書法。大約在他40歲的時候加入了中國書法家協會。

4 您有沒有甚麼心得傳授給我們，好讓我們可以寫出一手好的書法字?

梅老先生認為寫字就是寫好書法的第一步，因為在我們學書法之前，先要學會不同字形的筆劃。

小知識

在梅老先生讀書時，他也經歷過所謂的「卜卜齋」。你知道甚麼是「卜卜齋」嗎？由於古時候的教育方式並沒有現在的那麼完善，老師經常只要求學生死記硬背，所以學生常常不明白當中的意思，結果學生們就經常挨板子，板子發出的聲音正是「卜卜」聲，就稱之為「卜卜齋」。

梅老先生希望我們能夠享受學習的樂趣，並不是囫圇吞棗地去學習，我們應該把知識融會貫通，學以致用。

5 有甚麼原因令您堅持寫書法?

梅老先生說：「寫字和寫書法是不同的，因為寫字是每個人都輕易做到的，但是寫書法卻不是每個人都寫得好。書法是一種藝術，它傳遞的是一種美。就像人們穿衣打扮一樣，你越用心裝扮就會越漂亮，寫書法也是同樣道理，只要你用心去寫就可以寫出秀麗的字體。」所以大家只要用心去寫，將來都可以成為書法家。

6 為甚麼您會到幼稚園教孩子寫書法?

原來梅老先生曾經擔任一所著名幼稚園的中文老師，他認為幼稚園階段是學習書法的最佳時機，孩子在小學才開始學習書法就會難以吸收，所以他決心要在幼稚園教授書法。

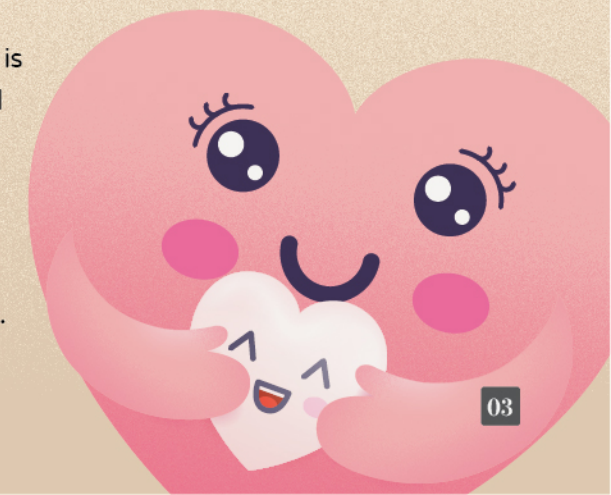

7 您有甚麼說話可以勉勵我們的同學?

梅老先生說：「我希望每一個孩子都能健康成長，希望他們走正確的道路。」他舉「學問」一詞為例，「學」字就像一個小孩坐在桌子旁用雙手寫字、計算；「問」字就是「門」加「口」，意思是指「拍門開口問」。梅老先生指出，我們在學習的過程中一遇到不明白的地方，就要不恥下問，這樣才能學到更多知識。

Mrs Cheung started being a volunteer at school when her son was in Primary two.

Mrs Cheung wanted to know how her son learnt at school so becoming a volunteer gave her a chance to stay close to her son. When Mrs Cheung was young, her parents were always too busy to spend time with her. Therefore, she tried her best to involve more in her son's learning journey so that she could have a greater bonding with him. Mrs Cheung enjoys working at LSK because she can meet many new kids during activities and see how her son makes friends with others.

One of her favourite school events is Chinese Culture Day. Once, she offered help at a burger stand. Accidentally, some ingredients got spilled everywhere while making the burgers. 'It was a very unforgettable moment for her and the students,' said Mrs. Cheung.

6E 石殿瑜 香港的抗疫戰

對於第五波疫情奪走了成千上萬名市民的生命，你有何感想呢？在這人心惶惶的日子裏，你有沒有想起過日以繼夜為市民服務的醫護人員呢？

第五波疫情爆發期間，確診數字以幾何式增加，當大家擔心會受感染時，那些走在最前線的醫護人員卻默默付出，緊守崗位，不眠不休地照顧每一位確診患者。如果沒有醫護人員無私的奉獻，恐怕因病去世的人會更多。他們爭分奪秒拯救每一位垂危的病人，甚至連小休片刻的時間也沒有。即使部分醫護人員因受到感染，只要一康復，便立即返回工作崗位，他們那敬業樂業的精神實在可敬。

在此，我想對每一位為疫情付出的醫護人員說：「感謝你們沒有放棄任何一位確診者，感謝你們冒着被感染的風險，並且放棄了和家人相處的時間，不眠不休地救助確診患者。各位醫護人員，衷心感激你們的付出！」

6B 龔嘉柔 向一眾醫護人員致敬

自一月下旬起，確診數字持續上升。疫情最嚴峻的時候，教育局甚至宣布提前在三月份放「暑假」。期間，確診人數一直居高不下，疫情似乎是在嘲笑醫護人員的努力。但可幸的是，香港的確診人數要比其他地區還要少很多。

終於，經過兩個月的抗疫戰，確診數字已經回落，我們終於可以上面授課了，同學們又可以聚首一堂，一起學習，一起聊天。大部份市民都能回到自己的崗位工作，這就代表了醫護人員的付出終於有回報了。

你知道一眾醫護人員在疫情期間有多辛苦嗎？他們都回不了家，有一些睡地板，有一些睡在椅子上，有一些趴在桌子上睡，一但醒來就要開始永無止境、沒完沒了的工作。讓我們好好感謝一眾醫護人員，因為他們無私的奉獻，我們才能戰勝這場「戰爭」。

5D 馮云科 5B 張曦予 疫情為我們帶來的影響

疫情期間，所有戶外活動都難以進行，我們不可以外出玩耍、逛街和做運動。二月下旬，確診數字數以萬計，教育局宣布幼稚園及中小學要提前放「暑假」，這個突如其來的「暑假」對我們來說一點也不感到興奮，既沒有網課，也沒有功課打發時間，整天只能呆在家裏，令不少同學們無所事事，變得懶散起來。為了打發時間，我們唯有利用手機、電腦來解悶，正因如此，我們的視力也變得愈來愈差，不少同學也因此而變成了「四眼仔」。由於整天只對着電子產品，不少同學和家人的關係變得越來越疏離了，有時還會因此而鬧得很不愉快。真的希望疫情早日結束，讓我們可以重投愉快的校園生活。

4C 魏詩吟 疫情不要再來

疫情期間，由於封關的緣故，許多人無法與內地的家人團聚，只能透過網上視像通話來維繫感情，他們不知度過了多個孤單的晚上。就連跨境學生因為受到疫情的影響，這兩、三年間只能透過線上模式學習，未能過上正常的校園生活。

面對着來勢洶洶的疫情，許多人都被迫改變了計劃，但「長風破浪會有時，直掛雲帆濟滄海」，只要相信乘風破浪的時機總會到來，到時定要揚起征帆，橫渡滄海！我們期待所有病人早日康復，醫護人員平安歸來，抗疫戰早日結束。

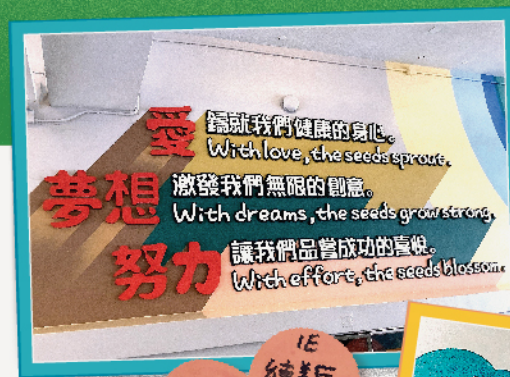

感恩牆

甚麼是「感恩牆」？

「感恩牆」是讓學生表達謝意，學會感恩的小園地。學校設立「感恩牆」的目的是為同學提供一個表達謝意的機會，讓他們感謝曾經幫助過自己的人。

走進雨天操場，你會看到牆壁上貼上一張張由同學親手寫上感謝語句的磁石貼。同學們可以在磁石貼上盡情抒發自己的感受，他們有的感謝父母為自己辛勞付出，有的感謝老師悉心教導，還有的感謝醫護人員無私奉獻……同學們透過這小小的磁石貼表達自己無盡的謝意，藉此感謝為自己付出或服務的人，例如在疫情擴散期間，同學不能親身答謝默默為全港市民付出的醫護人員，他們便透過這種方式為一眾醫護人員打氣，讓他們有更堅定的決心去對抗這場疫戰。

無論你想感謝的是前線醫護人員、父母、老師，還是身邊的好友，你都可以「感恩牆」上貼上自己親手設計的感恩磁石貼呢！

Not everyone can put their thanksgiving messages on the wall. Only the class representatives can do so. Luckily, I got a chance in May. I wrote a thank you note for the doctors and nurses who cared for patients during the pandemic. It was an unforgettable experience.

The thanksgiving wall is located on the ground floor near the basketball court. On the wall, there is a big tree full of magnet stickers. These stickers are in the shapes of different fruits, such as apples, oranges and durians. We can express our thankfulness on these stickers. For example, we can thank our parents or teachers and write about how much they care for us. If you want to see your own stickers here, try to write something sincerely.

閱讀樂遊園 Reading Wonderland

新學期開始，學校也變得煥然一新，一樓平台的「閱讀樂遊園」為同學們提供了一個舒適的閱讀環境。

每當小息鐘聲響起，同學們總會第一時間走到「閱讀樂遊園」參加活動，他們有的負責分享故事，有的表演朗誦，有的玩遊戲……透過這個小舞台，同學們都能大展身手，霎時間，這裏就變成了一個小市集，熱鬧非常。透過參與表演，不但能提升同學們的膽量，還能訓練他們的口才呢！「閱讀樂遊園」更設有一條長長的滑梯，活動完結前，同學們可以溜溜滑梯，這是最受低年級同學歡迎的節目。

此外，「閱讀樂遊園」可說是一個小型圖書館，裏面收藏了很多適合親子共讀的圖書，每逢星期一、三放學後更會開放給家長和學生進行親子共讀。你有沒有到訪或參與過「閱讀樂遊園」的活動呢？如果未曾到訪的話，那就一定要到「閱讀樂遊園」參觀一下了。

兆基大變「新」

悠森出發・油出正能量

圍繞校園走一圈，未知你們是否察覺到學校的外牆增添了不少色彩呢？在教育局宣布停課期間，原來有人在背後默默為學校的外牆進行粉飾，你知道他們是誰嗎？其中一位幕後功臣就是張津銘的媽媽了。這次外牆粉飾活動由構圖以至起稿都是張媽媽一手包辦的。完成草稿後，她和一眾熱心的家長義工以及學生用心地為圖案添上色彩，即使烈日當空，也無阻他們的熱誠。衷心感謝張津銘媽媽和其他義工、同學們的付出，為校園添上無限色彩，為我們創造更美好的學習環境。

這次外牆粉飾的主題是動物與大自然。我們可以看到外牆上有許多動物圖案，每個動物圖案都不一樣，有猴子、老虎、小熊貓……是一個在牆上的動物園。無論任何時候經過那一條路，我都會仔細欣賞牆上的畫作，每一幅圖畫都令人賞心悅目。其中，我最喜歡的動物是刺蝟和狐狸，當中的刺蝟就像我們每一位活潑可愛的學生，狐狸就是老師和家人，他們默默地看顧着我們，陪伴着我們成長。不知道你最喜歡牆上哪一隻小動物呢？

A lot of interesting pictures have been drawn on the wall of the first floor. This is the place named Dreamland. Let me introduce it to you.

First, we can see a desert at one end. There are a lot of different animals like a lizard, a vulture, some camels and a scorpion. After the desert, a forest appears. This is my favourite part because it shows us the different characters that you can see in a fairy tale. They can help us imagine that we become part of the story such as being chased by a huge bear or saved by a brave prince.

The most amazing part is the one that looks like a giant writing paper. Students can create stories together here. It lets our imagination run wild. Here comes the last part. The last wall shows us a witch studying magic and two dinosaurs reading books. It seems like it is telling us that we need to study hard at all times.

I hope all of you can come to the first floor and take a look at this wonderful story wall.

Our School Pet

2C Jamie So

My teacher and I visited our school pet in the General Studies Room in May.

We saw a chameleon in a showcase. It is medium-sized. It is green and grey. It has a long tongue and hard dorsal crests. It likes to eat red apples, carrots and worms. It is good at changing colour. It is clever because it has a powerful tongue to catch food. When it feels happy, it curls its tail.

I like this chameleon because it can change colour. I want to have a chameleon as a pet too. I will call it as Rainbow.

2B Vania Chan

My teacher and I visited our school pet in the General Studies Room in May. We saw a chameleon.

It is small. It is colourful. It has a tail, two big eyes and scales. It likes to eat mosquitoes and grasshoppers. It is good at climbing and using camouflage.

It is shy because it likes to hide. I like it because it is so cute. I want to call it Angry Dragon because it changes the color of its body when it gets mad.

Naming Our School Pet

After learning about the school pet in English project learning lessons, Primary 2 students suggested over 100 names for our school pet — a chameleon. At last, two good names were chosen by the teachers. In June, they voted for their favourite one. Let's check it out!

《風在哪兒》

誰也沒有看見過風，不用說你和我了。但是鮮花害羞地點頭的時候，我們知道風弟弟來賞花了。

誰也沒有看見過風，不用說你和我了。但是小女孩的秀髮飄逸的時候，我們知道風姐姐在讚嘆她純潔可愛。

《太陽花》

今年暑假，我和爸爸媽媽去了成都。一天，我和父母在路上散步時，突然發現小路邊上有好幾十朵太陽花。

一眼望去，那些花像是夜空中的星星，一大一小。它們的莖細細的，像鉛筆一樣，它的葉子仿如一團被拉長了的麩團。太陽花形態各異，有的像舞動的仙女，有的像個害羞的小姑娘，有的像一顆顆飽滿的杏子……真奇妙啊！

我突然覺得自己就是一朵太陽花，穿着風爺爺送給我的黃色裙子，土奶奶送給我的綠皮鞋，在風中起舞。風過了，我靜靜地站在那兒。小鳥飛過來問：「你好！你的裙子是誰送給你的？」「是風爺爺！」我答，「除了他送東西給我，還有土奶奶呢！」蝴蝶也飛來了，她悄悄地告訴我看到的風景……

「馨怡！走啦！」爸爸在我後面叫道。我有點奇怪，蝴蝶呢？小鳥呢？小動物們在哪呢？我用了幾十秒的時間，才發現那些是我想像的，我突發奇想，跟花仙子們約定，明年一定要再見。

《記一次生活中的尊師守禮》

尊師守禮，就是尊重師長、遵守禮儀，這剛好就是孔子所提倡的。

《論語·季氏篇第十六》曾出現過：「不學禮，無以立」，意思就是說不學禮就不懂得怎樣立身。如果不學會禮儀、禮貌，那又怎麼可以立身處事呢？不同的工作，面對着不同的人，我們都應該把「禮」作為待人準則，以禮待人，熱情服務，就能夠贏得別人的好感，良好和睦的人際關係對於個人的前途的發展也是有積極意義的。

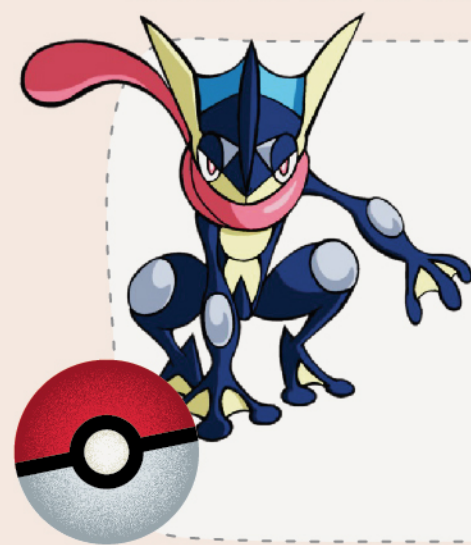

我有一個在補習社認識的同學叫采雯，她可以說是一個好榜樣了。她尊重師長、禮待同學，還遵守禮儀，老師和同學們都十分喜歡她。

記得有一次，老師講解題目時出錯了，采雯並沒有直接指出老師大意的地方和取笑老師，而是先舉手，然後悄悄地告訴老師她算錯的地方，並沒有大聲指出來。采雯的行為讓我感受到她對老師的尊重，不會令老師尷尬，是一個懂得尊敬師長的人，難怪同學們都以她為榜樣。

采雯也是一個遵守禮儀的人。有一次，我和采雯以及我幼兒園的朋友一起去吃飯。剛開始的時候，采雯並沒有最先起筷，而是等所有人都夾完了菜才動身去夾。在吃飯的時候，采雯還遵守餐桌上的禮儀，沒有任何踰矩的行為。就連別人有不當行為的時候，她也只是輕聲指出，不會讓別人尷尬，她不愧是我的好楷模，好榜樣啊！

采雯的一舉一動，一言一行，都讓我真真切切地體會到甚麼是「尊師守禮」。「非禮勿視，非禮勿聽，非禮勿言，非禮勿動」，《論語》中的至聖先賢告訴我們，只要是不合規範、不合禮儀的，我們都不應該去做，要成為一個尊重師長、遵守禮儀的人。你能做得到嗎？

My Favourite Hero

My favourite hero is Greninja who is half god, half mortal. He is brave and selfless because he protects others when they are in danger. People call him a hero because he uses his superpowers and weapons to protect people.

His hands and legs look like a frog's limbs. He also has a long pink tongue. He usually wears a ninja costume and a big shuriken which is made of water.

He has many amazing superpowers. Firstly, he can be invisible like a gust of wind. Secondly, he can run as fast as a flash.

One time, he defeated an evil dragon which was very big. The dragon had big sharp claws. It could even break a rock like a piece of cake. Although the dragon could fly, he could still catch it. He killed it with his shuriken before the sun rose!

P.4 Mini Project: A Study Tour Plan

Dear Ms. Law,

I'm excited about the study tour. This will be my first time going to South Korea.

Let's go to South Korea in winter. It will be snowing at that time, so we have to bring warm clothes. We can stay there for three days.

We can visit Busan Tower on the first day. It is beautiful. You can watch the marvellous view from the Tower. You can take some amazing photos there. Also, you can buy some souvenirs. A ticket costs HK\$43. After that, we can visit Myeongdong. It is incredible because you can buy many different kinds of things there. Then we can eat some Korean dishes in the restaurants for lunch. They are delicious. At last, we can visit the church. It is fascinating. For dinner, we can eat some local food, such as fried chicken and Korean Ginseng Chicken Soup. They are tasty.

We can visit Ewha Womans University on the second day. We can have a picnic there. We can buy some accessories. They are pretty. Also, we can enjoy the scenery. Ewha Womans University is a place where many Korean dramas are filmed. We can visit Gyeongbokgung Palace in the afternoon. There are many palace guards. At the same time, you can see the changing of the guard ceremony in the Dynasty Palace. It is majestic. There are many tourists wearing hanbok while visiting. It is a good experience.

We can visit Insa-dong on the last day. It is fabulous. We can visit the teahouse and try some Korean style tea. Also, we can go to some souvenir shops to buy some traditional art decorations. They are very pretty. Insa-dong is famous for souvenirs. In the afternoon, we can visit Hongdae. You can take a walk on a street full of murals. It is relaxing. You can visit the special coffee shop and watch South Korean pop dance performances too. It is great. In Hongdae, we can eat a lot of food, for example, kimchi and spicy cold noodles.

I am looking forward to the study tour. I hope the school will consider my travel plan.

Cheers,
Kelly

Making Marshmallow Snowman

On 13th December, we made a Marshmallow Snowman. The ingredients and steps were very simple. We only needed three marshmallows, a stick and some melted chocolate.

I was actually proud of myself for once because my snowman was good-looking. I had a lot of fun making it. I hope we can do something like this again in the future.

5C Chan Ngo Yin

Before Christmas, it was our last meeting. The teacher taught us how to make the Marshmallow Snowman. That was my first time making snacks at school with my schoolmates. I used marshmallow and chocolate syrup to make the Marshmallow Snowman. Although the process was very simple, it was great fun. In this activity, I have learned how to cooperate with others.

Making Decorations for Chinese New Year

To make this decoration for Chinese New Year, I simply chose the red packets. Although I had some difficulties while making it such as using the stapler, I felt very amazed. I've never made something that good before. After that, I gave it to my little brother. He was very happy when I gave it to him.

5A Xie Yu Yan

As Chinese New Year is coming, I made a lantern before the holidays. I chose a lantern to make because it is good-looking. After I finished making it, I felt satisfied. Finally, I gave it to my friend Sara. She said it is cute. I think making lanterns is very easy.

At Chinese New Year, I made a red paper lantern with my mum. I used it to decorate my home. Since the very first paper lantern was made over two thousand years ago, lanterns have become ubiquitous in Chinese culture and much of the East Asian world because they represent family gathering and a brighter future. Thus, I made it for my family this Chinese New Year.

First, my mum helped me to find a video of how to make paper lanterns. Then, I tried to follow the steps to make it. However, it was very difficult to make this craft. I could not really follow every step in the video. My mum paused the video part by part and showed me how to fold the paper step by step.

Finally, with her great help, the red paper lantern was successfully made. I was over the moon. I hung it next to my bed. This year is the year of the Tiger and my zodiac is Tiger too! I wish I could have good luck this year.

5A Pu Pak Lam Paul

5C Chan Ngo Yin

This year is the Year of Tiger so I chose to make two pen holders with tiger patterns. There are two parts for each pen holder. The upper part of the pen holder is a tiger's head. It is very easy to make. First, use a white paper to fold the tiger's head. Next, draw the tiger's face with coloured pencils. Then, use a toilet roll to make the body of the tiger. If you want to make it beautiful, use the old empty red packets to decorate the pen holder's body. Everything can be done within an hour. Have a try!

6B Chung Cheuk Lam

During the Chinese New Year holiday, I made a little red packet decoration. I chose to make this decoration because it is easier than making others. I had a hard time making this because I'm not good at doing crafts. Therefore, I asked my mom for help. She helped me a lot. However, I did most of the folding. The hardest part was the string because I didn't know how to tie it nicely. I kept messing up. At last, I finished it with my mum's help. The decoration turned out to be very surprising. I was stunned. It actually looked quite good. Finally, I gave it to my brother as a present.

‘All Write Now!’ English Writing Competition 2021

The Tokyo 2020 Olympic Games has been the talk of the town recently. Hong Kong athletes made a significant breakthrough since they had distinctive achievements in this international competition. Undoubtedly, the event has brought major changes to Hong Kong society in three different areas.

First and foremost, Hong Kong citizens are becoming more enthusiastic about sports after the Olympic Games. There is a surge of people who start to do exercises and develop a habit of working out. Some of them are even eager to try out various types of sports. For example, since skateboarding is one of the four new sports added to the 2020 Olympic Games, it is not uncommon to see more residents skateboarding. Besides, due to the championship of our fencing athlete Cheung Ka Long, people in Hong Kong, especially adolescents, follow the trend and learn to fence. Therefore, people are getting more passionate about doing sports.

Furthermore, people pay more attention to sports news than before. The sports fad brought by the Olympic Games has continued even after the occasion has come to an end. There are other similar sports events such as Asian Games and Summer Youth Olympics in which our local athletes participate. These games were used to be trivial. Yet, thanks to the Tokyo 2020 Olympic Games, these activities have come to light. Thus, different sports events have come to Hong Kong people's awareness under the effects of the 2020 Olympic.

In addition, Hong Kong people have become more patriotic. Citizens have developed a sense of belonging in the community. For instance, people gathered in shopping malls to watch Olympic live streams through large screens. When the competition got intense, the audience felt nervous. When athletes from Hong Kong won the matches, our local citizens screamed and cheered. Some people even popped a bottle of champagne to celebrate the winning. Hong Kong athletes such as Siobhan Haughey, Sarah Lee, Doo Hoi Kem have become heroes and heroines of the city. Hong Kong citizens appreciate their efforts as they endeavoured to strike for the best in the games. In short, the sense of patriotism has intensified in our society.

To conclude, the Tokyo 2020 Olympic Games has brought some crucial changes in Hong Kong society. In view of the above, all people are encouraged to do more sports in order to extend their potentials. Last but not least, it is hoped that more and more Hong Kong athletes will participate in the world competitions

An Imaginative Story

One day, being woken up by Mum, I rubbed my eyes and saw another ‘me’ was standing in front of me! I ran straight to the bathroom and found that I became Mum! Gosh!

Mum said, “Okay, here’s the plan. I go to school and act as normal. You stay at home and do the laundry, feed your brother…” I didn’t focus on what she was saying. Instead I thought of all the things I could do as an adult! Shopping, travelling… all the places I could go! Mum left and I hurried my brother in the stroller. We went to the train station to Disneyland. I got off and I forgot something, I LOST MY BROTHER! I zoomed to the dispatcher and asked for help. At last, they found him. Phew, I breathed a sigh of relief.

It was harder than what I’ve ever imagined to be a mum!

This story tells us that it is hard to be a mum, because she needs to do the housework and take care of family members. I have learnt that I should appreciate what my mum does for me and be kind to her.

6C Tsang Ka Lam

Congratulations, Jaya. You did a good job. I agree that Hong Kong people have become more patriotic. When I was watching the news, I saw a lot of people standing in the mall cheering for the athlete. I have never seen such a scene before. I was moved by the scene.

Congratulations! What a creative story! I like the way how the main character became a mum, and she went to the train station but forgot his little brother. What a surprising ending!

A Must-Watch Movie

6E Tsang Ka Lam

6B Chung Cheuk Lam

The title of this movie is Harry Potter and the Philosopher's stone. It is a fantasy novel written by J.K Rowling. I read this book during my holiday. I enjoyed reading it very much because it was interesting.

It talks about a boy named Harry Potter who finds his magic talent and goes to the famous magic school, Hogwarts, to study. On the way to school, he meets two friends, Ron Weasley and Hermione Granger. With the great help of his friends, Harry Potter finally kills the wicked Lord Voldemort who kills his parents. In this movie, I like Harry Potter the most because he is brave and he can do what other people can't do!

The most memorable scene is when Harry meets Lord Voldemort, they fight with powerful magic. Finally, Harry uses the magical love from his mom to kill Lord Voldemort.

After watching this movie, I have learnt that we can conquer any difficulties if we have love and courage.

Home Alone is a must-watch movie, definitely. It is a classic comedy that can make everyone laugh.

It is about a little kid named Kevin who is naughty but very clever. He is so naughty that his parents lock him in a room one day. And they accidentally leave him home alone. Later, on that day, two thieves break into Kevin's house. They decide to steal things at night just in case if there are still people inside the house. Kevin hears the thieves' plan. So, he sets up a plan to protect his house. He sets many traps. In the end, Kevin gets a chance to escape and call the police. The thieves are arrested.

I like Kevin because he is such a smart boy who can think of different ideas to protect his house from burglary. The most memorable scene for me is when the thieves are struggling with the traps made by a kid, which is hilarious.

This movie is full of wisdom and joy. It is worth watching. Don't miss it!

I joined our school newsletter two years ago. At first, I joined it only with the intention of improving my writing skills. I thought that it would not be interesting. Soon, I realized I was wrong because there were so many fun activities. For example, we could interview some famous people, watch interesting movies and do creative handicrafts. We learnt to write from different interesting activities. I love this class a lot!

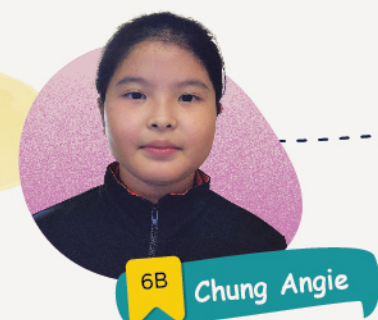

4D Chan Long Shing Aidan

This is my first time joining our school newsletter. I really like to be the writer here although it is quite challenging. The most challenging thing for me is using different words to write. The topics we write about are usually varied. Every time when it comes to an unfamiliar topic, I learn a lot of new words. I feel delighted because I can always learn something new here. ✨😊^_^

6B Chung Cheuk Lam

Time passed quickly. I have been in our school newsletter for 3 years already. I don't regret joining this class because I had a lot of fun during these 3 years. We did many great things. For example, we visited different places inside and even outside of our school, like the Sky100. And we made a lot of snacks and handicrafts too. Then, we wrote about these activities. After joining this class, my writing skills have improved a lot. It is worth joining this class!

6B Chung Angie

This class is full of fun! The most memorable activity was making marshmallow snowmen. Everyone's snowman was so pretty! They are delicious too! Come and join us!
